

PRODUCT LIST

1928 MODEL "A" ROADSTER

FLOOR SECTION WITH TRANSMISSION TUNNEL (1 PIECE)

The transmission tunnel panel is made up as a gearbox cover and front floor panel all in one unit. It only fits our 4" recessed firewall unit.

FIREWALL 4" RECESS

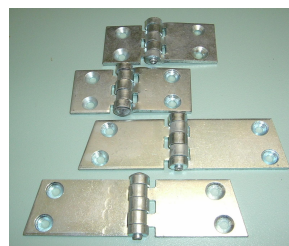

We supply a full replacement 4" firewall and it fits into the original position.

DOOR HINGES (SET OF 4)

open car, cad plated

The door hinges are as per original and only suit Roadster's & Tourer's..NOT closed cars (coupe's and tudor's)..they come Cad plated and drilled.

PICK-UP BED (Roadster ONLY)

The pick-up bed comes as a complete unit in original size with side mudguard brackets. The floor is all steel (not timber), and does not come with the Ford script stamped in the tailgate.

REAR BODY SECTION

We supply a complete rear section from the "B" pillar backwards. It comes with LH & RH rear side panels and rear back seat panel. You can have it in stock length or 3" longer.
